

Tentative Schedule

This schedule is tentative and will change. Always check the schedule on the course website to verify the material covered that week. In the event that the material changes, test and homework dates will **NOT** change, rather the exams themselves will be altered to reflect what has been covered in class. **Topics covered in lecture includes material not in the book.**

There may be questions on the exams about these topics.

Date	Outline		Chapters	Lecture Topics //Recitation Topic	Due
	Lecture	Recitation
